During the month of June members of the Math PAC reviewed and discussed the revised list of calculus competencies (attached) that were posted June 3, 2010, by PAC member Joanna Pruden. Near the end of the month a vote was taken and the June 3rd version passed without dissent. Members’ votes were recorded as follows:

<table>
<thead>
<tr>
<th>Calculus Competencies</th>
<th>Name</th>
<th>Position</th>
<th>Institution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Abstain</td>
<td>Todd Jones</td>
<td>Transfer Counselor</td>
<td>CC of Philadelphia</td>

</tr>
<tr>
<td>Yes</td>
<td>Joanna K. Pruden</td>
<td>Director of Mathematics and GenEd</td>
<td>Penn College of Technology</td>
</tr>
</tbody>
</table>

Our second step in the process is to determine competencies for freshman and sophomore math courses other than calculus. As a starting point for the discussion in this direction Paul Ache posted the syllabus for Foundations of Higher Mathematics taught at Kutztown. The syllabus gives a comprehensive list of topics but is not given in the form of competencies. This will be reformatted then posted for the discussion to continue.
